4. Claim Form vs Medical Bill Consistency

The following five claim-form fields are checked against the Medical Bill: Patient Name, Hospitalization Reason / Diagnosis, Hospitalization Date, Hospital / Medical Facility, and Claim Amount.

Field	Status	Submitted Value	Medical Bill Value	Reason
Patient Name	PASS	Rajesh Kumar	Rajesh Kumar	The submitted patient name matches the Medical Bill.
Hospitalization Reason / Diagnosis	PASS	Appendicitis	Acute Appendicitis	The submitted diagnosis is consistent with the Medical Bill.
Hospitalization Date	PASS	2025-06-12	12-Jun-2025	The hospitalization date matches the Medical Bill.
Hospital / Medical Facility	PASS	Lotus Multispeciality Hospital	LOTUS MULTISPECIALITY HOSPITAL	The submitted hospital / facility matches the Medical Bill.
Claim Amount	PASS	INR 12,345.00	INR 167,900.00	The submitted claim amount is within the final Medical Bill amount.

5. Risk Evidence

Evidence Signal	Score
Amount Consistency	100/100

Document Completeness	100/100
Claim Form vs Medical Bill Consistency	100/100
Policy Exclusion Consistency	100/100

6. Risk Reasons

- The claim evidence is consistent, required documents are present, the claim amount is supported by the medical bill, and no applicable policy exclusion was identified.
